THE VILLAGE

MENANGLE

MASTERPLAN

BUILD YOUR FUTURE HERE

With its natural meandering creek below a large established tree line The Village offers an opportunity to connect with nature. There are parks providing places to play, have a picnic, get to know your neighbours and make new friends. Tree-lined streets are cool and inviting while large land parcels promise space to grow and room to breathe. And a deep, true sense of belonging.

This masterplan was prepared on 04.02.22 for the information of prospective purchasers only and is subject to change. Purchasers must make and rely on their own enquiries. To the extent of inconsistency between this masterplan and the conditions of the Contract For Sale of Land relating to the lots, the Contract for Sale takes precedence in all instances. 1. Utility Services - The location of roads and drainage structures, utility services, including sewer lines shown on the plan are based on design information only. The final position of utility services 'as constructed' may vary from these locations. 2. Landscaping and Embellishments - The depiction of landscaping, footpath paving, street tree planting, the embellishment of parks, playgrounds and alike on the plan is indicative only and are subject to change. The depictions on the plan do not necessarily reflect final designs which require the input and approval of various authorities. 5. Mirvac does not give any warranty or make any representations, expressed or implied about the completeness or accuracy of any information in this document or provided in connection with it. This document is not binding on Mirvac and is not intended to be relied upon.
